Report

The Department of Geography, Seva Bharati

Mahavidyalaya, Kapgari, Jhargram , a Govt. affiliated college under the Vidyasagar University and Tropical Institute of Earth and Environmental Research (TIEER),Midnapur Jointly organized a workshop on **Application of Organic Methods and Nutrients Food cultivation for Rural Development’**, at Seminar Hall , Jhargram Raj Palace, WB Dated on 3rd March, 20219

We have been realized the Organic methods and Nutrient food cultivation is an admitted and excepted valuable concept and practices in 21st century for substantial local, national, and global benefits. To achieve sustainable development, conserving environment requires – Changes in pattern and practices of economic development worldwide this workshop has been organised.

Organic agro agricultural practices and nutrients foods sustained only through public awareness and concern are substantially heightened with the help of local people in Jhargram District.

Objectives and aims:

1. To develop the Knowledge about organic agriculture among local cultivators, especially on practical and implementation methods.

2. To deliver the Lectures on organic cultivation method to students and others delegates of cultivators of field oriented application in proper and efficient ways.

3. To motivate the cultivators and students on the use of nutrients foods.

4. To grow of interest in practical, applied methods for establishing the protein farm.

5. To develop skills in Socio-Economic development for the rural planning to societal development, so that it can better the remote rural backward area of Jhargram and adjoining Paschim Medinipur District of West Bengal.

Prof. Dr. Bijoy Chandra Ghosh , Agro Scientist, IIT, Kharagpur was the Chief Guest , inaugurated the Workshop on 03.03.2019 at 11.00 am. Dr. Binoy Kr. Chanda, President, TIEER chaired the session. Dr. Pranab Sahoo, Organising Secretary, has delivered the Well come speech and Dr. Debnarayan Roy, OIC, Jhargram Raj College , Shri Shivendra Bijoy Malla Deb, Royal Member of Jhargram Raj Palace and Dr. Karan , Soil Scientist, all Guests and Speakers have delivered the speech about on importants and significance of the workshop.

There were 20 skill cultivators, 10 students and other 10 delegates participated in the workshop.

Professor B.C. Ghosh , Organic Scientist in IIT, Kharagpur discussed in detail the topic Organic cultivation methods. The Lecture delivered by Dr. Ghosh was very interesting and fascinating one. His lecture on the said topic will be of immense help to the cultivators and the academician.

Dr. Ashoke Karan , soil scientist was also a method instructor and he delivered a lecture on vermin compost and bio fertilizer producing methods and their important on sustainable agriculture . His lecture was an illuminating one and this will help the delegates for the agricultural society and precaution of our society.

Valediction Session: Dr. Binoy Kr. Chanda , President, TIEER , chaired the session. The Departmental Students are arranged a beautiful and attractive cultural programme. Prof. Debnarayan Roy , special guest, Sri Shibendra Bijoy Malla Deb , Guest all distributed the certificates to delegates and others. Lastly, Dr. Chanda , President has delivered vote of thanks.

Feedback:

According to the delegates of different delegates, other participants and student participants the Workshop was very faithful one and the workshop was highly acclaimed by the resource persons came to the workshop.

Cultivator participants also requested to the organizer to organize workshop on Horticulture.

We have also planned to organize seminars, Workshops on both the theoretical and practical aspects for rural and urban planning in future and collaboration with Jhargram Administration and Dept. of Agriculture.

With thanks,

Pranab Sahoo.

Dr. Pranab Sahoo,

Organising Secretary
